Re: Italian Culture Institute's support for the 31st Haifa International Film Festival 26.09 – 05.10.2015

Dear Pnina,

Following your letter dated 16.07.2015 and the confirmation of the program by email on 11.08.2015, I am glad to confirm our collaboration with the Haifa International Film Festival. The list of Italian movies which you are going to screen at the next edition of the HAIFAFF is interesting. I hope we may also have the honor of hosting some of the actors and directors as well.

The Italian films below are confirmed for the program:

1. "Black Souls" by Francesco Munzi – Hebrew translation by Cinema Italia.
2. "Sworn Virgin" by Laura Bispuri
3. "Antonia" by Ferdinando Cito Filomarino – Director confirmed, Producer pending.
4. "You Can't Save Yourself Alone" by Sergio Castellitto – Castellitto and Mazzantini will confirm till the end of August.
5. "Wondrous Boccaccio" by Paolo Taviani, Vittorio Taviani
6. "Amarcord" by Federico Fellini
7. "Rocco and his Brothers" by Luchino Visconti
8. "Tale of Tales" by Matteo Garrone – almost final confirmation.
- ~~9. "Youth" by Paolo Sorrentino – depends on Sorrentino's attendance.~~
10. "Blood of My Blood" by Marco Bellocchio – checking possibility.

I inform you that the Institute is in the position to cover the subtitling costs for the Italian movies up to a maximum of Eur 4,000.00 (vat included). In order for us to pay for that service, I would need the subtitling studio to invoice the Italian Institute as well to forward a subtitled copy of each film. The Italian Institute requires its logo and the logo of the XV Settimana della Lingua Italiana nel Mondo (XV Week of the Italian Language in the World) to appear visibly on all line of communication (programs, posters, announcements, website etc.) together with the written (readable) acknowledgement of its sponsorship.

Payment up to the above amount will be made upon receipt of invoice.

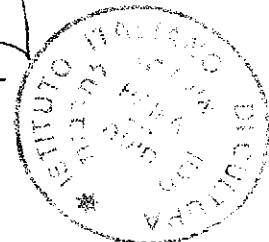

I hope you agree with the above and expect to receive a copy of this letter signed for acceptance.

Yours sincerely

Pnina Blayer
